On instructions from my Government and further to our letter No. 26/7/1 of 23 January 1992, I have the honour to inform you of the numbers and types of bombs, missiles and rockets launched against residential areas in Iraq in the course of the brutal 30-Power aggression which did not explode at the time. Some 13,314 items were found and deactivated by the competent Iraqi services between 17 January and 25 March 1992, as indicated in the table annexed hereto.
